SUMMARY

An Information Technology student proficient in Java and frontend development, with practical exposure to UI/UX principles and a focus on creating simple, user-friendly, and responsive interfaces.

EDUCATION

2022 – 2026	**B.Tech in Information Technology**, R.M.K. Engineering College, Chennai	(CGPA: 7.85/10)
2021 – 2022	**Class 12 (Intermediate)**, Sri Chaitanya Junior College, Tirupathi	(CGPA: 8.80/10)
2019 – 2020	**Class 10 (Secondary)**, Parameshwara High School, Kadapa	(Percentage: 91%)

PROJECTS

Smart Feedback System — React.js, Firebase   Mar 2025

Developed a real-time feedback platform with room codes and anonymous users, focusing on clean and responsive UI.

Online Turf Booking System (Turfs-Inn) — React.js, Firebase   Jun 2024 – Jul 2024

Built a real-time turf booking platform with an emphasis on simple user flow, clear booking steps, and a user-friendly interface for better usability.

WORK EXPERIENCE

Java Developer Intern – InternPe   Jan 2024 – Feb 2024

Built Java applications with a focus on problem-solving and efficient coding practices.

Software Developer Intern – Bharat Intern   Jan 2024 – Feb 2024

Strengthened web development skills by working on HTML, CSS, and JavaScript projects.

TECHNICAL SKILLS

- **Programming Languages:** Java
- **Web Technologies:** HTML, CSS
- **Core Concepts:** DSA, OOPs
- **UI/UX Concepts:** User Flow, Wireframing, Responsive Design
- **UI/UX Tools:** Figma (basic exposure)
- **Databases:** MySQL

UI/UX EXPOSURE

- Analyzed the user interfaces of multiple applications to understand their structure, simplicity, and navigation patterns.
- Applied these observations while designing simple, user-friendly layouts in academic and personal projects.

CERTIFICATIONS

- **Java Developer Certification** – Infosys Springboard (Feb 2025)
- **Cloud Practitioner** – AWS SimuLearn (Aug 2025)
